\* You can choose, without extra charge, the width of the small glass where the door closes, from the following options: 15 cm, 30 or 45 cm. In order to have enough entry span, the glass of 30 and 45 centimeters can only be used from a certain width.

**PLEASE NOTE:** the total height of the shower screen is 210 cm including the upper horizontal fixed glass. The height entrance span is 200 cm.

## NON REVERSIBLE MODEL

To complete the order please specify:

- > the recess size of the niche at the three heights (sliding door for niche)
- > the outer dimensions of the shower tray, and type of installation of the shower tray (sliding door + corner fixed side)
- > the position (right or left) of the handle (sliding door for niche)
- > the position (right or left) of the fixed side (sliding door + corner fixed side)
- > the Stainless Steel finishing (polished, brushed or in PVD finishes)
- > the glass: clear, extra-clear, matt (other models available on request)

Extensibility: ± 1 cm from the size indicated on confirmation of the order
